## ***ScannX to Unveil ScanPerfect: The Future of Book Scanning at ALA 2024 Annual Conference & Exhibition***

June 25, 2024 – (Pleasanton, California) – [ScannX](#)<sup>®</sup>, the leading developer of cloud-based book scanning solutions for libraries, is proud to announce the highly anticipated launch of [ScanPerfect](#), an innovative software designed to revolutionize how librarians and patrons interact with library collections. This game-changing technology will be [showcased](#) at the [ALA 2024 Annual Conference & Exhibition](#) from June 27 to July 2 at the San Diego Convention Center in San Diego, CA, in booth #2638.

### **Revolutionary Software Solution for Library Digitization**

ScannX ScanPerfect, a cloud-enhanced software solution, empowers libraries to offer patrons and staff a convenient and efficient method to scan, save, and share information like never before. ScanPerfect embodies streamlined functionality, utilizing cutting-edge technology to transform printed pages into digital information with a single click. Its user-friendly interface ensures that even inexperienced patrons can navigate the scanning process with ease, while its robust features cater to the needs of seasoned librarians seeking to digitize entire archives with precision efficiently.

**Click [here](#) to see a demo!**

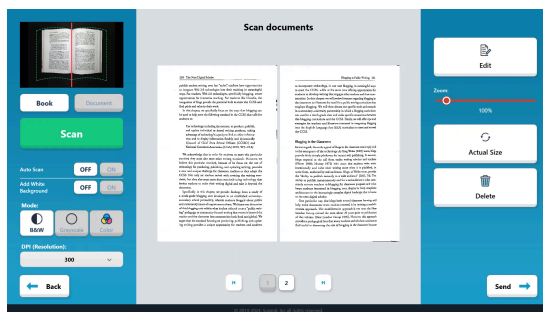

Key features of ScanPerfect include:

- **High-Speed Auto-Scan:** Seamless activation of the scanning process with a simple turn of the page, ensuring an uninterrupted scanning experience for users.
- **Instant File Conversion:** Convert scanned pages into multiple file formats, including PDF, searchable PDF, Word, and MP3, making it easy for users to access and process information in their preferred format.
- **Multifaceted Distribution:** Effortlessly send scanned files to over 20 destinations, including USB drives, Google Drive, smartphones, tablets, network folders, printers, or

fax, providing flexible options to accommodate a wide range of user preferences and needs.

- **Productivity Tools for ILL Tasks:** Advanced image enhancement features such as page flattening and cropping, thumb image removal, and page separation for efficient interlibrary loan processing, enabling librarians to streamline workflow and optimize resource sharing.
- **Handwriting Recognition & Translation Services:** Support for 120+ languages for effortless translation of handwritten notes and text, allowing users to access and interpret content in their preferred language.
- **Integration with Microsoft Edge:** Secure scanning capabilities directly to the cloud, ensuring the safe and efficient digital storage and management of scanned content.
- **OCLC-certified Software Connectors:** Seamless integration with Rapido, Tipasa, WorldShare, Article Exchange, and ILLiad, facilitating the smooth sharing of resources across library systems.

ScanPerfect's intuitive interface makes navigating its features and functionalities easy for patrons and librarians. The user-friendly home screen can be fully customized, allowing you to display a personalized selection of only the services you offer to your patrons and staff.

"ScannX is committed to pushing the boundaries of library digitization, and ScanPerfect is a testament to our relentless pursuit of innovation," said Murray L. Dennis, president of ScannX. "We're thrilled to offer a software solution that simplifies and streamlines the scanning process, empowering libraries to provide their patrons with unprecedented access to information."

ScanPerfect is set to redefine library digitization by offering a perfect blend of simplicity and functionality. For more information about ScanPerfect and ScannX's range of library solutions, please visit [www.scannx.com](http://www.scannx.com).
